

## Will Ramsbotham Badger Stone Relay 14th June 2000

In ideal conditions for racing the course record was broken by well over two minutes by a crack Bingley team. Following a win in the Sheepstones relay the previous night, Bingley showed awesome domination with 5 out of the 6 fastest legs. The only consolation for Pudsey & Bramley was that they also bettered their previous course record.

The individual course record still stands despite the Bingley onslaught, with Tony Byrne's 1992 time of 14.34 in the inaugural race looking better every year.

Thanks to Gary Devine for a great evening - despite the midges. Don't forget your repellent for next year's event!
